SUMMARY

My name is James Mullane, and I am currently studying Commerce and Science at the University of Auckland, majoring in Computer Science and Finance. Through my studies, I have developed strong skills in data analysis, programming, and decision-making. I bring experience from McDonald's, where I honed teamwork and problem-solving abilities, and as Co-Founder of Cosmoshop, where I achieved over \$40,000 in turnover by implementing strategic marketing and operational efficiencies. With a flexible schedule and a proven ability to adapt, I am eager to apply my skills to new challenges.
